GUILHERME DOS SANTOS

COMPUTER SCIENCE STUDENT

Recife Metropolitan Area, Brazil · (81) 99597-5655
guilhermesantos_26@hotmail.com · GitHub · LinkedIn

PROFESSIONAL OBJECTIVE

Seeking a software development internship, with interests in web applications (front-end, back-end or full stack), software engineering and applied AI.

EDUCATION

Bachelor of Science in Computer Science | UniFG

6th semester in 2026 · Expected graduation: December 2027

PRACTICAL AND ACADEMIC WORK

Web development and prototyping | Personal practice and projects · 2026

- Built and refined responsive web interfaces, navigation and interaction flows.
- Worked with HTML, CSS and JavaScript, reading, editing and debugging code.

Solution organization and validation | Academic projects and practice

- Documented requirements, reviewed usability and performed functional tests.
- Compared technical alternatives, using AI tools to support learning and implementation.

TECHNICAL SKILLS

Web: HTML, CSS, JavaScript; introductory TypeScript

Back-end and data: Python, FastAPI, SQLite; introductory Django

Tools and practices: Git, GitHub, REST APIs, prototyping, functional testing and documentation

LANGUAGES

English · Intermediate
